BIG PAKES ARE BAD

Laborers Make Trouble
on Maui.

Thirty-Eight Are in Jail—Resisted
the Police—Used Clubs and
Stones—Now Cooling.

Thirty-eight of the new big Chinese
cane field laborers are in jail at Wailuku
and Kahului, Maui. They are
from the Wailuku plantation and
have been refusing labor and rioting
and resisting the police authorities.
The trouble occurred last week.

Manager Wells of Wailuku planta-
tion and police representatives on
Maui have reported on the affair to the
Government here. These coolies are
Manchurians and for the most of the
time of their comparatively short ser-
vice have been tractable and indus-
trious enough. Late an agitator has
been at work amongst them and finally
one morning on a variety of petty
pretexts they refused to leave for the
fields. The manager attempted to
divide the unruly men. It was the
intention to place part of them on
Wailuku and part on Waihee planta-
tion, with the hope that harmony and
satisfaction could be instilled into the
two squads.

The whole company of thirty-eight
refused to listen to anything. All of
the men were arrested and taken to
Wailuku jail. Speedy trial was given
them, though they insisted on a
change of venue from one District
Magistrate to another. The result of
the hearing was conviction. There
was not enough room in the Wailuku
jail for all the men and it was de-
cided to take part of the prisoners to
Kahului jail. Again there was serious
trouble, this time just outside the
court room. The Manchurians, who
are tall, strong fellows, made a mark-
ed resistance. They grabbed stones and
clubs and quite a battle ensued, with
the police on the opposing side. No
shots were fired, though several of the
officers yet bear marks. The Chinese
were subdued and the orders of the
Judge carried into effect.

It is believed that so soon as the
men cool down a bit they will be will-
ing to return to work.

HE WAS OPPOSED. Isenberg Against Handing Back Fine Money.

The remarks of Representative
Isenberg made in the House on Mon-
day regarding the repayment of the
fines collected from those paid under
conviction by the Court of Martial
Law were incorrectly reported in this
paper. Mr. Achi had advocated the
repayment of these fines and Repre-
sentative Isenberg said substantially:
"I am opposed to Mr. Achi's propo-
sition to pay the fines back to those
convicted. If this is done, I will bring
in a bill for the appropriation of \$500,-
000 to pay the political prisoners for
the time they were kept in restraint,
and to pay their families for the loss
of their services while they were un-
able to support them, and also to pay
the political exiles, while they were
out of the country, and were unable
to take care of themselves.

"The money unanimously voted to
pay the indemnity made to British
subjects, who were imprisoned with-
out justifiable cause, was voted be-
cause we had not convicted them, and
because if the indemnity had not been
paid, the British Government might
have treated us, as they treated the
people of Venezuela, not long ago.
We do not want to have such expense
here."

Speaker Kaulukou interrupted Repre-
sentative Isenberg for using strong
language such in describing the
matter, but the House sustained the
Representative. Representative Achi
said he did not believe that the Brit-
ish Government would have ever de-
manded these amounts.

Representative Isenberg replied that
recently a German citizen had been
imprisoned in Haiti. The German
Government sent a ship of war there
and made quick work of it, and forced
release and indemnity. The matter
of the repayment of the fines paid by
the political prisoners, was entirely
different from that of paying indemnity
to the subject of another nation,
who could enforce it, especially when
the subject of the foreign nation had
not been convicted of any crime.

Arrested Again.

The Japanese arrested not long ago
on the charge of assault with a deadly
weapon on certain of their country-
men had their cases nolle prossed in
the Police Court yesterday afternoon,
but at a late hour last night eighteen
of the number were again arrested, this
time on the charge of assault and bat-
tery. The Marshal swore out the war-
rant. It is expected that the arrest of
remainder of the 41 will follow today.

Bad management keeps more people
in poor circumstances than any other
one cause. To be successful one must
look ahead and plan ahead so that
when a favorable opportunity presents
itself he is ready to take advantage
of it. A little forethought will also
save much expense and valuable time.
A prudent and careful man will keep
a bottle of Chamberlain's Colic, Cholera
and Diarrhoea Remedy in the house,
the shiftless fellow will wait until ne-
cessity compels it and then ruin his
best horse going for a doctor and have
a big doctor bill to pay, besides; one
pays out 25 cents, the other is out a
hundred dollars and then wonders why
his neighbor is getting richer while
he is getting poorer. For sale by all
druggists and dealers. Benson, Smith

waiian Islands.

REALTY DEAL CASE.

Demurrer in Favor of A. V. Gear
is Sustained.

A case with F. L. Dortch as plain-
tiff and A. V. Gear as defendant has
been pending in Circuit Court here
for more than six months. It arose
out of a purchase by the firm com-
prising Dortch and Gear at the time
of the transaction in question. Dortch
claimed that fraud had been perpetr-
ated because he was omitted as grantee
in a deed intended to be made, as he
claims, to the firm. The petition was
to declare a trust and for a convey-
ance. A demurrer was made by the
defendant and sustained by Judge
Stanley with this conclusion:

"I am of the opinion that plaintiff
has mistaken his remedy; that the
court should not entertain jurisdiction
of the bill, and that a bill for a general
accounting and final settlement of the
partnership affairs would be the plain-
tiff's proper course, therefore sustain
the demurrer and dismiss the plain-
tiff's bill without prejudice, however,
to his right to bring a suit for a gen-
eral accounting. Decree accordingly.
Kinney & Ballou for plaintiff, Hum-
phreys & Gear for defendant.

A Model Plant is not complete with-
out Electric Power, thus dispensing
with small engines.

Why not generate your power from
one CENTRAL Station? One gen-
erator can furnish power to your Pump,
Centrifugals, Elevators, Pumps, Rail-
ways and Hoists; also, furnish light
and power for a radius of from 15 to
30 miles.

Electric Power being used, saves the
labor of hauling coal in your field, also
water, and does away with high-priced
engineers, and only have one engine to
look after in your mill.

Where water power is available it
costs nothing to generate Electric
Power.

THE HAWAIIAN ELECTRIC COM-
PANY is now ready to furnish Electric
Plants and Generators of all descrip-
tions at short notice, and also has on
hand a large stock of Wire, Chan-
